The Westbank Museum & Visitor Centre would like to contribute our support to Jim Ripley in his venture with the progression of Tourist Radio Canada.

Every year we have thousands of tourists that take advantage of our visitor centre and museum. A local tourist radio station would help to further a visitors stay within the local area. The promotion of West Kelowna sights and culture will bring vibrant opportunities back into our community.

Thank you Jim Ripley for undertaking the task of redefining local promotion though Tourist Radio Canada.

Sincerely,
